Product information

Rolling pin – with ball bearing and iron axis

Article number: 800014

High quality beech wood
Size: ø 6,2 cm / AB 25 cm

AB 25 cm = working width - total width incl. handles approx. 43.5 cm

Description

This roller-type rolling pin rotates on ball bearings around the iron handle. It sits well in the hand and the extra weight makes and effortless rolling make it easier to spread the dough.
Our kitchen helpers are made of high-quality beech wood.
We advise to wash up the kitchen helper with a mild detergent and a dishcloth or a dishwashing brush after use.

Note regarding our wood products: Wood is a natural product and therefore can differ in shape and colour.
