Description

Not only children will have fun with these cookie cutters with stamp. With the help of the ejector the pieces of dough can be put on the baking sheet very easily and the fine contours will not get damaged. The stampings are clearly visible in the baked cookies. After cooling, the pastry can be garnished with food colour pencils, icing, chocolate or sugar pearls.

Very suitable for shortcrust pastry, gingerbread and other modeling clays such as dough.

We offer you a wide range of motifs with something for everyone.

Enjoy your baking!

The cookie cutter is made of high quality, food-safe and stable plastic. We advise to wash it up with running, warm water straight after use. Of course it can also be washed in a dishwasher.

In folding box.
