For filigree decorations made of sugarpaste or marzipan, e.g. for tortes and muffins. Also suitable for crafting and modelling with modelling clay.
Not suitable for cut out cookie dough

Description

Create wonderful and filigree decorations with these professional cutters. Cut out the motives of marzipan, pastillage, fondant or other modelling clays. The functional ejector mechanism makes it possible to remove the cut-out motives from the cutter, without damaging decoration elements.

Beautify your tortes, cupcakes and cookies with these wonderful motives, which you can also decorate with food colour pens, edible crystalline powder or icing.

We offer you a wide range of motifs with something for everyone.

The cookie cutter is made of high quality, professional, food-safe and stable plastic. We advise to wash it up with running, warm water straight after use. Of course it can also be washed in a dishwasher.

In display package for hanging up
