

Non-stick longlife baking foil

Article number: 409101

PTFE plastic – food safe – dishwasher safe
Size: 40 x 50 cm
Colour: beige
Non-stick coating for the best baking results

Healthy baking without fat – ideal for calorie-conscious cooking!

Description

The baking foil is perfectly suited for biscuits, pizza, fries, toast, shortbread-, pound cake-, yeast-dough-, and sponge cake bases, christmas cookies and much more. For crispy and evenly baked pastries. Improved double-sided non-stick effect.

Bake at high temperatures up to 260°C without any problems. Improved double-sided non-stick effect. No need to baste the baking sheet. No soiled baking sheets anymore. Suitable for all baking sheets and baking grids. Physiologically safe and food-safe. Easy to clean. Environment-friendly. Baking foil made of polytetrafluorethylene. Durable and reusable up to 1000 times. Dishwasher-proof. Not cut proven.

Manual

Clean and dry thoroughly before first use. Place on the baking tray or the oven rack (both sides can be used) and bake everything without additional oil or fat. Do not cut on the foil!
