Article number: 587625

Metal – not dishwasher safe

Size: ø 30 cm

Non-stick coating for the best baking results

Especially crispy baking results due to optimal heat conduction.

For low-fat preparation of: Pizza, baked chips and much more.

PFAS free.

Description

Our baking tin is of a professional quality. It absorbs the heat perfectly and thus ensures a high quality result. Thanks to the special perforation, an especially crispy baking result can be obtained. Whether ring cake, Gugelhupf, Frankfurter Kranz, cheese cake, Panettone, donuts or muffins - with our baking pans, every cake is a success!

Our range includes classical and inventive baking pans, but also pans for children. A cake does not always have to be round.

With non-stick coating for finest baking results. Wash up the baking pan with hot water, mild detergent and a dishcloth. Do not use an abrasive or cleansing sponge or abrasive agent. Not dishwasher-proof.

Temperature-proof up to 230 °C.

PFAS free.

Manual

Usage and care instructions:

- Rinse with hot water before using for the first time.
- Before baking spray the baking tin with baking separating spray or grease lightly and cover with flour.
- Do not use any sharp objects or metal utensils to remove the baked goods from the tin.

Cleaning:

- Clean the baking tin with hot water, just a little bit of washing-up liquid and a cloth.
- Do not use any abrasive cleaning sponges, scrubbers or scourers.
- Do not put in the dishwasher.
