Clear acetat liner

Article number: 241039

Plastic – food safe
Size: 5,5 cm x 20 m (160 µm)

Perfect for desserts. Do NOT use for baking!

Description

Cut the liner to the required length, fix the ends with an adhesive strip and put it into the dessert ring. Now you can fill the ring layer by layer. When you have finished, remove the ring and store your desserts cool.
This clear acetat liner is made of high-quality, food-safe plastic. It is very inherently stable.
We advise to remove the adhesive strip after use and wash up the foil with running, warm water. So it can be reused several times.
Do NOT use for baking!

In folding box for hanging up.

Manual

Simply cut the foil to the appropriate length, fix the ends with an adhesive strip, close and insert into the dessert ring.
Now pour the fillings one after the other into the dessert ring. Peel off the dessert ring and place in the refrigerator with the foil. Now the next dessert can be created.
The foil keeps the dessert in shape. After cooling down, loosen the adhesive strip and open and remove the foil, so nothing will be smeared.
Do NOT use for baking!

SAFETY NOTE: Only allow children to operate under supervision!
