In storage case (plastic)

Part list by request

Description

If required, please contact us to enquire the parts list.

Our nozzles are made from stainless steel and manufactured in one piece without any bothersome seam. They are rust-free, dishwasher-safe and food-safe. Of course, you can also clean the high-quality plastic adapter in your dishwasher. However, we recommend to clean flower pins and nozzle brushes by hand using only warm water.

Manual

Cleaning: The nozzles and the adapter can be cleaned in the dishwasher after use. However, we recommend to clean flower pins and nozzle brushes by hand using only warm water.

SAFETY NOTE: Sharp edges can cause damage if used incorrectly!
