Description

Decorate your special treats in grand style! The soft, glimmering effects of Diamond Dust are a highlight for self-baked treats of all kind and add some glitter to your everyday-life.

The powdered decoration mix makes a glamorous finish for your cookies, cupcakes and other pastries and tastes slightly bitter, like finest chocolate. Diamond Dust is suitable for the dry surfaces of sugar paste or cookies, but also fatty surfaces made of whipped- or buttercream get a nice shimmer. The dosage is easy thanks to the integrated dispenser in the lid.

Diamond Dust cocoa is a powdered decoration mix made with cocoa.

A subtle glitter in Diamond Dust ensures fine, radiant light reflections and guarantees effectful decorations.

With AZO-free colorants. Depending on the batch, colours may vary slightly.

In a sealed plastic box.
The item cannot be exchanged.
