

Cooling rack – rectangular – with feet

Article number: 464247

Metal – not dishwasher safe

Size: 34 x 24 cm / H 6 cm

Colour: black

Non-stick coating for the best baking results

Super handy! For storage, the feet can be folded up against the cooling grid so that it can be stowed away to save space.

PFAS free.

Description

Cooling racks are part of every good kitchen equipment and are a useful helper for cooling cakes and cake bases, but also for decorating.

Excess glaze or icing can drip onto the worktop and won't stick to the pastry. The non-stick coating also makes cleaning easier after use. The cake rack is made of non-stick coated metal and is not suitable for the dishwasher. We recommend cleaning the grid by hand with a soft cloth and mild detergent.

PFAS free.
