Description

On the outside gripping, inside indestructible.

Our new kitchen and baking tools with soft grip coating are a must-have in any household! Thanks to the stable, non-slip soft grip, this tool lies securely in your hand.

The silicone coating is temperature resistant from -40 to +200 °C, dishwasher safe, stain- and odour-resistant and therefore very hygienic.

Also suitable for cooking in non-stick coated pots and pans!

Fixed on cardboard for hanging up.
