Description

We love bread! Delicious, fresh bread from our own oven - simply delicious!
For all passionate bread bakers, we have put together a bread baking set consisting of an enamel bread baking pan, a soft-grip dough scraper and - as particularly sustainable packaging - a cotton bag in which the products or the baked bread can be stored.

Baking with love...

For all who love to bake for themselves and for others, we have developed our new product line "We love baking". Whether it be muffins, brownies or cake pops – bakers large and small will find their preferred baking tin. The elegant, silver-coloured "We love baking" moulds contribute to a heavenly baking experience.

Rediscover your love of baking with our new series "We love baking". Baking is cake-shaped happiness.

Manual

Usage and care instructions:

Rinse the baking pan with hot water before using for the first time. Before baking, spray the tin with STÄDTER baking separating spray or grease lightly and cover with flour. Do not use sharp objects or metal utensils to remove baked goods.

PLEASE NOTE: It is important for the tin to „settle in“. This means that, for the first three baking processes, the dough should always be well floured before being put in the tin.

Cleaning:

Clean the tin with hot water, just a little bit of washingup liquid and a cloth. Do not use any abrasive cleaning sponges, scrubbers or scourers. Do not put in the dishwasher. Dry thoroughly after cleaning.
