Article number: 800038

High quality beech wood
Size: ø 8,5 cm / AB 30 cm

AB 30 cm = working width - total width incl. handles approx. 58 cm
Professional heavy quality

Description

This professional rolling pin is made from very durable beech and rotates on ball bearings around an iron axle: a high-quality tool for well-equipped kitchens and enthusiasts who would like to professionalise their baking.

Our kitchen helpers are made of high-quality beech wood.

We advise to clean up the kitchen helper with a slightly damp dishcloth after use. DO NOT clean under running water!

Note regarding our wood products: Wood is a natural product and therefore can differ in shape and colour.

Manual

The rolling pin should ONLY be cleaned with a slightly damp dish cloth.

It must NOT be cleaned under running water, as the inside is made of steel and will rust otherwise.

For regular use, the bearing should be treated with a suitable oil.
