Description

The dream of many girls: once to be a mermaid with a glitter fin and dive into the underwater world.

Not only children will have fun with these cookie cutters with stamp. You can cut out especially fine motives by using them. With the help of the ejector they can be put on the baking sheet very easily and the fine contours will not get damaged. The stampings are clearly visible in the baked cookies. After baking, they can be garnished with food colour pencils, icing, chocolate or sugar pearls.

We offer you a wide range of motifs with something for everyone.

Enjoy your baking!

This cookie cutter is made of polypropylene. The cutter is very robust and well-suited for children's hands.

We advise to wash up the cutter with running, warm water straight after use.
